

stripping tool

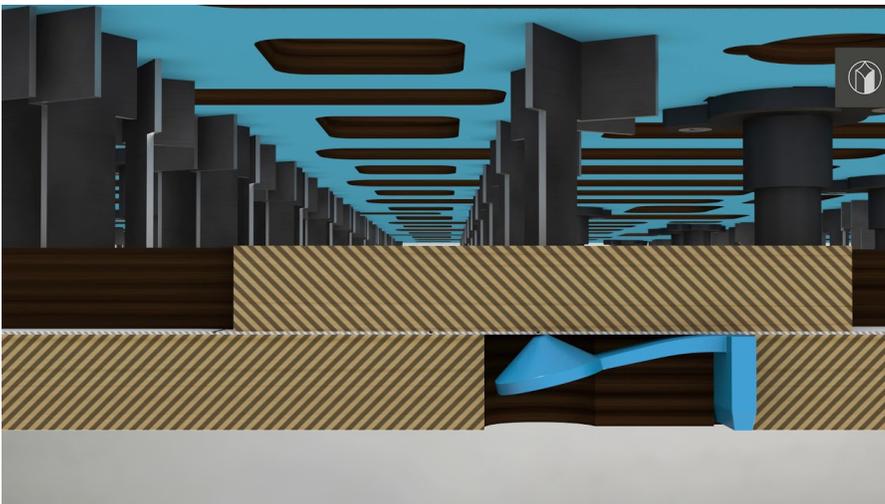

masterstrip|plate.

THE FAST ONE.

The base: the marbastrip technology. Completed by a presser plate in the upper stripping tool. The result: the masterstrip|plate. Targeted stripping. Using the built-in presser plate. The sheet is optimally positioned to the tool and fixed. Full surface. And that by using little pressure on the bottom part. Which is equipped with the sheet lifter marbafly. For fastest machine speeds. And free of waste. For maximum stripping performance.

Insider tip for cigarette box production: the masterstrip|plate is also available with pre-breaking of flaps. For flaps that open perfectly. And a trouble-free packing process.
