

Hand tool.

mrule|extractor.

THE SAFE ONE.

The rule puller mrule|extractor is indispensable as an effective helper on the die-cutting machine. It is used whenever damaged knives need to be safely removed from a cutting die and replaced with spare knives. With the mrule|extractor, rules are drawn easily, in a controlled, precise and safe manner. Even works on hard rubbering. This saves time and makes removing and reapplying the rubbering unnecessary. The optimum pre-requisite for a perfect fit of the replacement knives. Safe for the user and safe for the cutting die.

Suitable for pulling 2pt - 8pt steel rules

Pull rules next to hard rubber

Adjustable feed up to the knife directly
