

Thermoforming

Tilting tools

Marbach manufactures them. The best thermoforming tools. For yoghurt cups. For food trays. For lids. We are pioneers. Involved from the very beginning. A world-class toolmaker. We maintain this great achievement to the present day. Justified. And proud. Remaining at the top, over many years, requires many things. A strategy. Passion. Effort. Leadership. Role models. And a strong team. But most of all it requires one thing: the drive to be even better tomorrow. This redefines the new. New tools. And innovative technologies. With one goal only: fulfilling your requirements to perfection. For your continued success.
