

NEW:
The Magnetic
Transfer System –
MTS-SQS

Perfectly embellished. Perfectly embossed. Our embossing solutions. Your success!

NEW: The Magnetic Transfer System – MTS-SQS. Exclusive to us!
Revolutionary. Fast. And precise.

A perfect embossing result begins with a smooth placement process for the male embossing dies. Up until now, this step was time-consuming and prone to errors. But that's now a thing of the past! Because we are now introducing the new Magnetic Transfer System – Stamp Quick Setup!

Thanks to this patented Magnetic Transfer System, everything fits together perfectly – male embossing die, female embossing die and print image. And the best of all is: the male embossing dies are transferred at lightning speed – significantly faster than the conventional methods!

Your advantages:

- » Fast and easy to use – male embossing dies can be removed in seconds.
- » 100% positional accuracy between female and male embossing dies – for flawless embossing results.
- » Maximum reduction in set-up times – greater efficiency, less downtime.
- » Special feature: One click and done! No need to touch any further.

The MTS-SQS is available exclusively from us!

Find out more on our Experience Hub. Scan the QR code.

MTS-SQS – try it now and experience the many advantages for yourself!

But that's not all!

Find out more about our unique embossing solutions on the back.

Plastic female embossing dies. The cost-effective solution.

Another innovation for you: our plastic female embossing dies. Not only are they particularly light, they also offer outstanding value for money — the ideal choice for short und medium runs.

Of course, we also offer tried-and-tested female embossing dies for your requirements:

- » **Brass female embossing dies** — perfect for long runs.
- » **Hard nickel-plated brass** — for the highest demands.

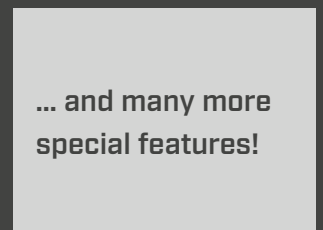

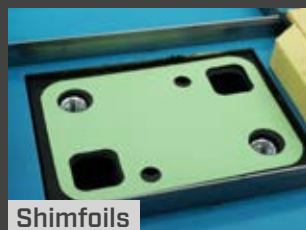

Everything from a single source — for your efficiency.

With Marbach, you benefit from a well thought-out complete solution. For you, this means:

- » All embossing elements fit together perfectly.
- » Reduced set-up times and optimized processes.
- » Optimized ordering process — minimum effort, maximum efficiency!

Marbach embossing solutions — for high-selling packaging at the point of sale.

Our dream team for your embossing:

As you can see, our embossing solutions are the dream team for minimal set-up times and perfect embossing results! Always tailored to your requirements.

Together we will find the perfect dream team for your embossing job!

Our team of experts look forward to hearing from you!
